

The SCA Learning Center's courses are based on new, standardized evidence-based scope of practice and evidence-based quality indicators that are the first created for the spiritual care field.

Developed by two interdisciplinary, international panels of experts

The Learning Center:

- Has a state-of-the-art learning management system
- Each course was written by a subject matter expert

Getting started is as simple as making a call, sending an email, and/or going to our website.

Enroll in a Clinical Pastoral Education

(CPE) Class

The Institute
for
Clinical Pastoral Training

The Institute for Clinical Pastoral Training is a global, multi-faith chaplaincy community caring for and about others.

- Well-developed infrastructure and accredited Clinical Pastoral Education (CPE) program for:
 - Chaplains, clergy, laypersons and others of all backgrounds
 - For all settings: health care, military, corporate, prisons, etc.
- Supervised clinical education sites worldwide, with interfaith training in a dynamic, interpersonal, and process-oriented learning environment
- On-site or long-distance training, including new evidence-based online courses from the Spiritual Care Association
- Continuing education credits/eligible for board certification in clinical chaplaincy
- Responsive administrative staff, helping with registration, endorsing agents, and post-CPE career with the personal touch that our students appreciate
